Avon Police:

Malicious Mischief Resulting in Life Altering Injuries

On June 18th, 2011, the City of Avon was celebrating the 2011 Spunktacular Days festival. At approximately midnight, alerts began for severe weather heading towards the city. Announcements were made and celebrants began to leave.

At approximately 12:14 AM, it was reported an Avon resident was found unconscious and lying on the paved trail near the Avon Community Church. It appeared that the person was biking, and had fallen off the bicycle. However, it was found that person(s) had placed an obstruction on the paved trail. Due to the darkness, the bicyclist did not see this obstruction; hit it with the bicycle, causing them to fall to the pavement. The bicyclist sustained very severe injuries.

When rescue arrived on scene, the injuries were determined to be very serious and possibly life-threatening and the victim was transported to a hospital. To this day, the bicyclist is still suffering from the injuries sustained in this accident and may have permanent symptoms.

The Avon Police Department is asking for the public's assistance with any information on the person(s) who may have placed the obstruction on the paved trail causing this accident to occur.

A reward of up to \$1,000.00 is being offered for any information which results in an arrest and formal charging of the person(s) responsible for placing the obstruction on a public trail system.
